

# Jeannie Pegg

Tjintirtjtintirra St, Kintore NT 0872

Mobile: 0456 730 981

My name is Jeannie, and I am a local resident of Kintore. I grew up in various communities of WA and the NT including Alice Springs. I am also an artist. I wish to further develop myself and my career in my community so that my skills are useful here. I am also willing to undertake any training and will prove to be an asset to my workplace. The best way to contact me is via Pintupi Homelands Health Services.

Speak- English, Pintupi, Lurijta Ngaangatjarra,  
Understands- English, Walpiri, Arrente

## Skills

---

- Sound interpersonal, verbal and written communication skills
- Willingness to increase knowledge
- Proficient in the use of MS Office applications
- Cultural awareness
- Driver's Licence C Class (P): can drive automatic license

## Employment History

---

**Menzies School of Health Research,  
Community-based Researcher (Level 4, Step1),  
July 2024- current**

### ***Responsibilities and skills:***

- Build links within the selected Aboriginal community study site and in collaboration with the rest of the research team.
- Work with the project team to coordinate, plan and facilitate focus group discussions, interviews, and completion of surveys by participants, and implementation and evaluation of co-designed digital technology interventions to achieve project objectives.
- Conduct duties in accordance with Good Clinical Practice (GCP) Guidelines, Australian Code for the Responsible Conduct of Research, and National Statement on Ethical Conduct in Human Research and which is also respectful of Aboriginal and Torres Strait Islander culture.
- Coordinate and communicate effectively with study participants, health services, site and Program Leaders, Senior Cultural Advisors, and other project staff.
- Assist with coordination of resource development activities (eg. flipcharts, interview tools), with the research team.
- Provide administrative support to the team with minimal supervision. This may include organising project promotional materials, organising catering, arranging travel, printing documents, and recording notes about those processes.
- Actively participate in training and research team meetings relevant to the position, as required. Training will mostly be provided one on one and on-the-job.
- Support the research team in the preparation and implementation of knowledge translation and dissemination strategies and assist with dissemination of project findings.
